SUMMARY

I'm a self taught Web Developer looking for entry level opportunities in Front End Web Development to gain hands-on experience. I have spent the last couple of months pivoting my career towards this and what I have learnt in a short time span has been amazing . I am eager to learn more and continue to improve my skills.

WORK EXPERIENCE

Web Development | Oct 2021 - Present

- Completed a 55 hour Web Development Bootcamp course from Udemy covering the main areas of Web Development including HTML, CSS , Javascript , Libraries and Frameworks like Bootstrap, jQuery and React. As part of the course I completed a couple of projects. Created multiple responsive landing pages with HTML5,CSS3/Bootstrap and Javascript. Currently learning Node.js and about databases.
  All of my works can be viewed at github.com/nees101
- Completed various front end coding challenges by Frontend Mentors which can be viewed at frontendmentor.io/profile/nees101
- Designed and built my Portfolio website from scratch using HTML, CSS/Bootstrap, JS and React.

Math Educator | Smart Learning Center LLC | Jan 2019 - Present | Remote USA

- Worked with students online and in-person to complete classwork.
- Supported students by identifying and addressing specific concerns.
- Created and implemented individual lesson plans based on student learning styles.

Freelance Tester | TestIo | Nov 2018 - Jul 2021 | Remote

- Test IO is a crowd testing platform where product and QA clients get their products tested from freelancing software testers
- I have been testing websites and mobile/tablet for companies like Best Buy Target, Europe Car, Eat Street and many more.
- Recorded and documented test results to compare to expected results.

Hardware Test Engineer | VVDN Technologies Pvt. Ltd. | Sep 2016 - Dec 2016 | Bengaluru , India

- Proposed, designed and executed test plan for both functional and non-functional testing.
- Wrote test strategy, test scenarios and test cases from use cases given by Product management
- Found and reported, high severity to cosmetics bugs during project testing.

Subject Matter Expert in Maths | Chegg India Pvt. Ltd. | Mar 2015 - Mar 2017 | Remote , India

- Chegg provides a platform for students to post their queries online and seek answers from Subject Matter Experts in the field.
- I have provided online homework help support in Advanced Mathematics and Calculus.

EDUCATION & TRAINING
